

6 December 2009

To the Fort Monmouth Chapter of AUSA,

I wanted to take a moment to thank you for the thoughtful boxes that were received at USFOR-A (United States Forces – Afghanistan). I can't tell you what getting a box from "home" is like for some of the soldiers, airmen, marines and seamen as well as Department of Defense Civilian Employees stationed over here means.

I myself am a Department of Defense Civilian Employee usually assigned to the Defense Supply Center Richmond, in Virginia. I am assigned to Kandahar Air Base, Afghanistan as a Logistics Specialist/Multi-Class Supply Expeditor. What that translates to is that it is my job to get the military's urgently needed supplies over here as fast as possible. That includes everything from nails to aircraft and weapons system components.

I myself was a member of AUSA when I was in the military and I thoroughly support the endeavors of this organization. What you're doing for the service members over here is a wonderful way for them to know that they are not forgotten and that their service is truly appreciated.

Thank you all once again for taking the time to put together all those boxes full of good stuff from home.

Regards,

Theresa L. Determeyer
